Supplemental Notes:

- The above lists has been approved by the Coastal ISC Board and developed in consultation with key land managers in the Coastal ISC service area a the annual operational planning meeting (February 2016).
- The above lists reflect the entire Coastal ISC area. The placement of a species into a category at the landscape level is very likely to be different from a placement of a species into a category at the local level.
- Provincial EDRR - provincially significant and are to be reported immediately to the province through Report-A-Weed.
- Regional EDRR - regionally significant species and to be reported to the Coastal ISC.
